REMOVING THE LIMITATION ON THE NUMERICAL STRENGTH OF THE WHITE HOUSE POLICE FORCE

SEPTEMBER 12 (legislative day, SEPTEMBER 4), 1951.—Ordered to be printed

Mr. HUNT, from the Committee on the District of Columbia, submitted the following

REPORT

[To accompany S. 1283]

The Committee on the District of Columbia, to whom was referred the bill (S. 1283) to remove the limitation on the numerical strength of the White House Police force, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

The purpose of this bill is to remove the present statutory limitation of 133 on the strength of the White House Police force. Present appropriations have raised the authorized strength to 170, which is the number considered necessary for the security of the President and of the White House grounds.

Until the act is amended, present appropriations bills are subject to a point of order. The House Appropriations Committee has recommended this change in order to accommodate existing law to actual practice.

The limitation on the size of the White House Police force will, of course, continue to be imposed by annual appropriations acts.

CHANGES IN EXISTING LAW

In compliance with subsection (4) of rule XXIX of the Standing Rules of the Senate, changes in existing law in the bill, as reported, are shown as follows (existing law proposed to be omitted is enclosed
